M. Jay Builders is a Lancaster-based exterior company specializing in roofing, siding, and framing for homeowners and builders in southeastern Pennsylvania. With over a decade of experience, you can trust us for quality results. We prioritize client connections; understanding your needs for exceptional service. Contact us for a free inspection and reliable expertise.

OUR CORE VALUES

QUALITY

We are committed to delivering exceptional craftsmanship and outstanding results. We understand that replacing a roof or remodeling the exterior of your home is a significant investment, and we take it seriously. Our goal is to provide a job that exceeds your expectations, ensuring that the work is done right, and to the highest standards of quality.

CREATIVITY

We embrace adaptability and innovative thinking when faced with unexpected challenges. Our team will try to understand and implement your vision, and is experienced in finding creative solutions to complex problems. We approach each project with a fresh perspective, seeking opportunities for improvement and efficiency.

INTEGRITY

We believe in doing what we promise, even in the smallest details that may go unnoticed. From hidden flashing details behind your siding, to unseen details way up on your roof, we implement best practices just as we would on our own house.. We hold ourselves accountable to the highest ethical standards and strive to earn your trust through transparent and honest practices.

SERVICE

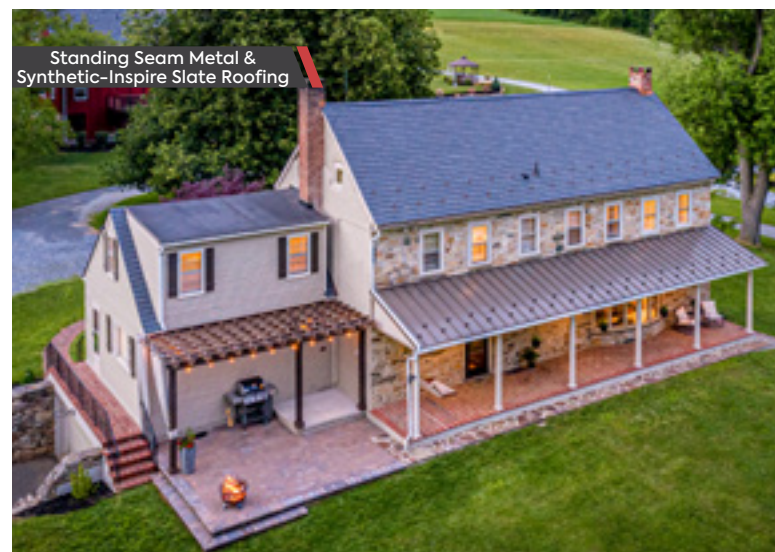

Above all, we are driven by a commitment to serving God and our clients. Our dedication to providing outstanding service is rooted in our faith. We strive to honor God in everything we do and prioritize the needs and satisfaction of our clients. Respect for your property and your peace of mind are at the forefront of our service, and we are grateful for the opportunity to serve you.

FRAMING & ADDITIONS

When it comes to framing services, we specialize in transforming your space and expanding your home's potential. Whether that's adding a second story or expanding your existing home, we help you bring your vision to life. With expertise in structural framing, we have the skills and knowledge to handle the complexities of these projects. We meticulously plan and execute

the framing process, ensuring the structural integrity and seamless integration of the new addition. From precise measurements to using quality materials, we pay attention to every detail to ensure a sturdy and beautifully finished result. Trust us to handle your framing needs with professionalism and expertise, creating a space that enhances your home's functionality and value.

ROOFING

We're not just opportunists in it for a quick buck. We are dedicated roofing professionals who prioritize doing the job right the first time. Our expertise lies in providing high-quality roofing solutions that withstand extreme weather conditions. With extensive knowledge of top-performing materials and proper installation techniques,

we are equipped to deliver exceptional results. Our team's experience spans decades, allowing us to approach each project with skill and meticulous attention to detail. Above all, we have a genuine passion for our work that sets us apart. We take pride in our craft and are committed to delivering the best roofing services for homeowners like you.

STUCCO REMEDIATION

For years, stucco has been applied without proper flashing, causing devastating results. Unfortunately, many homes have been slowly rotting behind their facade, leaving homeowners with costly repairs. However, you can trust us to fix any stucco issues you may have. Our team has the expertise, experience, and attention to detail needed to provide the highest quality stucco remediation services in

the industry. We'll remove any failing stucco, repair your damaged framing, sheathing, and insulation, and install a new surface that will keep your home sound and dry. Don't let stucco issues go unnoticed any longer - contact us today to schedule an appointment and let us help you protect your home.

WHAT OUR CLIENTS ARE SAYING

M. Jay Builders did an absolutely amazing job building our addition. It is absolutely beautiful! The contractor and his workers were very respectful, reliable and dependable. I would recommend M. Jay builders to anyone that is looking for good quality craftsmanship to be completed in a timely manner. They will meet or exceed your expectations! We look forward to working with them in the future for our other home projects.”

▶ JENNIFER P.
& DANIEL C.

We couldn’t be any happier with the experience we had with the guys here at M. Jay Builders!!!! Not only was the communication on point but the pricing, timing, collaboration and end result were out of the park! From start to finish, first look to final product and payment everything had been communicated thoroughly. These guys made our dream and vision come to life and then some! They came they literally ran and hustled to get the job done in a timely manner. We would recommend to anyone and are already working on their next project for us....thanks again M. Jay Builders!”

▶ JOSH
BRIDGE

M. Jay Builders completely replaced our cedar shake roof. This is a very large house with many different roof angles. The M. Jay crew was incredible! Always on time and superbly professional. They did the project on time and on the estimate. The quality of materials was “the best” and quality of installation by M. Jay was “the best.” We are now planning on using M. Jay to replace windows and siding. M. Jay is great to work with in every respect.”
